## The University of Miami

Mailman Center for Child Development  
(MCCD)

In Collaboration with  
**Housing and Assistive  
Technology, Incorporated**

Has developed an Internet course  
that:

- Introduces emerging Assistive Technology;
- Provides training in Interdisciplinary Assistive Technology Service Delivery;
- Encourages collaboration with an interdisciplinary team of Assistive Technology Service Providers; and
- Is based on the ASHA AAC Competencies, the OT Technology Competencies, and the RESNA Guidelines for Knowledge and Skills for Provisions of Assistive Technology in preparation for the RESNA Credentialing Exam.

**The Course** is made up of text, audio, images, and multimedia. It is divided into 5 sections, consisting of *60 contact hours*. Each section contains presentations which include didactic instruction, illustrations, videos, case studies, assignments, quizzes, and a final exam (*approximately 2 contact hours for each presentation*). Each presentation has a reading assignment. The *required textbook* will be mailed to each registered course participant. **All participants will receive a certificate of completion.**

  
**Continuing Education** credit may be obtained, depending on state residence and professional discipline.

**The Cost** of each section is \$175 for each section or \$795 for the complete course (5 Sections).

**A 10% discount** is available to residents of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee.

  
**University of Miami Credit** is available for an additional fee. The 3-credit hour course is \$1650.00.

## Topical Schedule

- Section 1: Introduction to Assistive Technology
- Section 2: Assessment for Assistive Technology
- Section 3: Laws Pertaining to Assistive Technology Service Delivery
- Section 4: Assessment for and Use of Assistive Technology: Hearing/Vision/Communication/ECU
- Section 5: Assessment for and Use of Assistive Technology: Motor Skills

## Instructional Team

composed of faculty from the University of Miami, Housing and Assistive Technology, Incorporated, and members of the community who are assistive technology providers.
